

As IC&RC testing slowly begins to reopen, please keep in mind the following:

- Essential candidates who will be testing in May will receive an email reminder with social distancing guidelines and procedures three days prior to test day; and then a follow-up phone call one day prior.
- Testing sites have taken measures to ensure your safety which include lowering the number of candidates allowed to test at one time, and cleaning between exams.
- Please remember to keep six (6) feet away from other individuals while at the testing site.
- A face mask is required to be worn at the testing center. If you are medically unable to wear a face mask, please contact MCBAP at info@mcbap.com as soon as possible for further instruction.
- If your exam needs to be rescheduled, the testing company will contact you and testing windows will be extended as need be.
